Liquicity is a rapidly growing record label and event organiser with a worldwide fan base. We are looking for an ambitious audiovisual design intern to support both branches of the company. In this function you will be developing audiovisual content for Liquicity. You'll be part of the overall marketing team and contributing to the entire communications process.

Activities

- Translating marketing goals to tangible audiovisual solutions
- Developing online marketing content such as advertisement & social media videos
- Assist with the live registration of Liquicity Events
- Manage the Liquicity media database
- Diverse additional multimedia design task such as developing video banners, processing audio recordings and more
- Assist on various organisational tasks for both the events and label
- Assist on daily office tasks

Requirements

- You possess a basic Adobe Photoshop, Premier and/or After Effects skillset
- You are willing to develop your skills in Adobe Photoshop, Premiere and/or After effects
- You have affinity with electronic music, social media and events
- You are communicative, proactive, flexible and you have a positive approach
- You are in the possession of a laptop, preferably a MacBook
- You master the English *or* Dutch language (speech and writing)

Advantages

- You are following a multimedia, graphic design, audiovisual or communications study (or you have already finished one)
- You have work experience in the field of audiovisual design
- You are in the possession of a driving license
- You can be physically present at the Liquicity office

We offer you:

- A diverse set of tasks with plenty of room for your own input
- A fun and relaxed work environment with an informal vibe and flexible hours
- A chance to increase your own design abilities by working directly with experienced staff
- A chance to expand your network within the music industry
- Room for specific assignments from your educational program
- A suitable monthly financial compensation
